

MIRADOR TRI-VALLEY INDEX (MTVX)

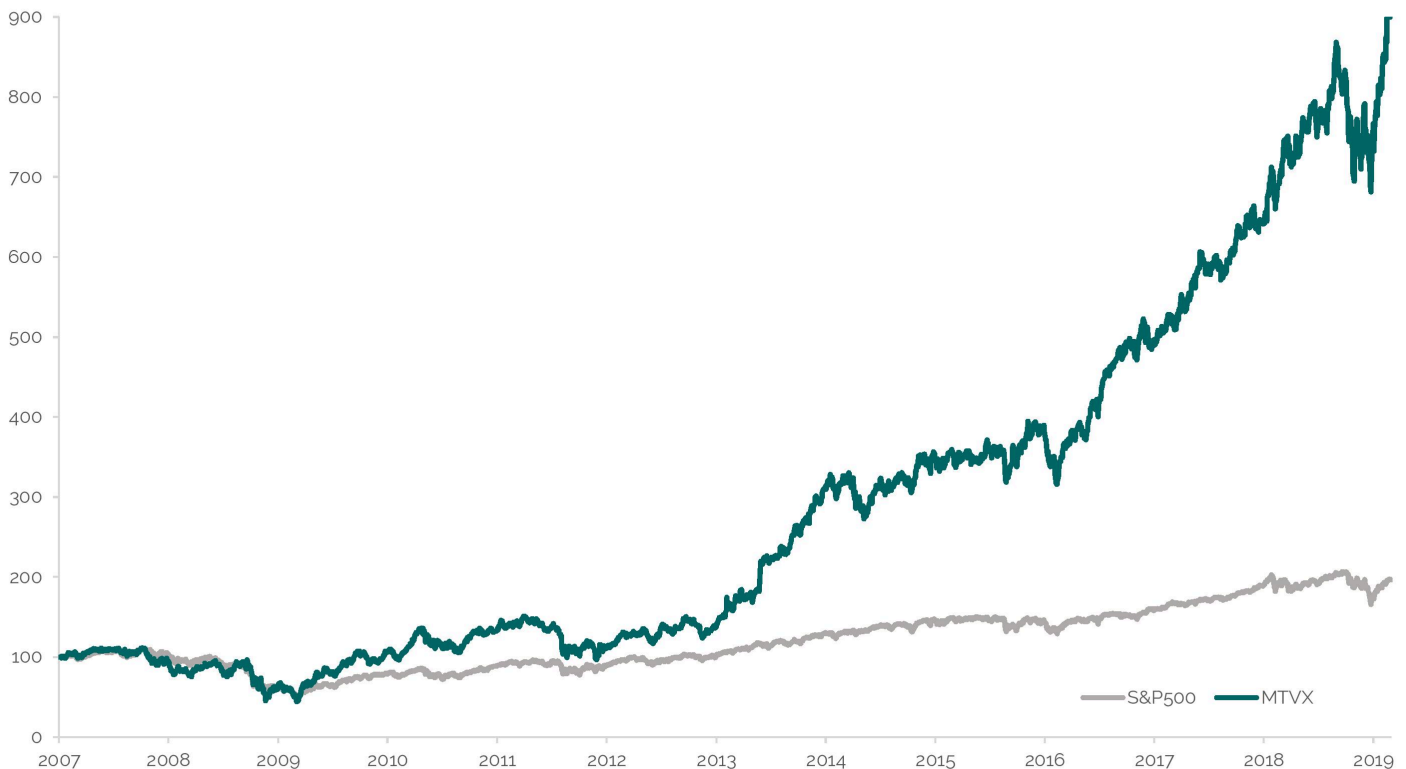

TRACKING BUSINESS ACTIVITY IN THE TRI-VALLEY

Due to its relative affordability, talented workforce and accommodative business environment, the Tri-Valley has become a natural extension of the Silicon Valley and a choice destination for both established industry leaders and innovative startups; this has created a number of attractive investment opportunities within the local community.

To examine the performance of Tri-Valley companies over time, Mirador Capital Partners launched the Mirador Tri-Valley Index (MTVX), an index of public companies based in the Tri-Valley. Mirador clients have access to an investable implementation of this index through the Mirador Tri-Valley Strategy (MTVS).

The historical performance of the MTVX has been compelling. Public companies in the Tri-Valley outperformed the S&P 500 by over 25% in the last 12 months.
